

Environmental Training

For Professionals
By Professionals

15-16 March 2012
BALI, INDONESIA

Dr. Karlheinz Spitz
John Trudinger
Prof. Bernd Lottermoser

ENVIRONMENTAL TRAINING plays an important role in the environmental performance of each mine operation to create increased knowledge of environmental and social impacts associated with development and operation; provide insights into what worked at other mines and why; motivate participants to take full ownership of environmental and social issues; and to understand why for the environment and the host communities is important for mine operation, including for profit from mine operation.
